The year 2013 has been really challenging and valuable for our Company: we strengthened our presence in all our markets and gained new ones, continued upgrading our software to add value to your investment by providing the best cost-effective solutions.

Special thanks go to our Customers, Distributors and Partners for helping us shaping our business during this year, it's a strong motivation for us to continue developing cutting-edge software solutions and to play a pioneering role on the market.

THANKS to all of you for your continuous support making 2013 a successful year for Etere, we look forward to keep working with you in the New Year to achieve new goals.

As we usually do, this year our Company has chosen to donate once again the amount planned for the customary employees christmas gifts to someone that needs it much more than us, and we hope all of you agree we supported the EMERGENCY's Italian Programme.

We are proud to help doctors and nurses to go on examining and treating free-of-charge the growing number of men, women and children who turn up every day at the EMERGENCY's outpatient clinics in Palermo, Marghera and Polistena, at the drop-in centre for socio-medical assistance in Sassari, and many other mobile clinics around the country.

Etere Staff wishes you a very happy Holiday Season and a New Year of peace and prosperity!
