

ETERE at BIT Broadcast 2014

We invite to learn more about ETERE from May 20th to 22nd at Aicox Soluciones' booth 6D18.

BIT 2014 BANNER

Etere Cloud

Etere's adobe GUI

ETERE, the global supplier of MERP solutions for broadcasters and media companies, is pleased to announce that it will be exhibiting the most comprehensive products in the broadcasting industry at IFEMA (Madrid's Exhibition Center).

MERP END-TO-END SOLUTIONS

During the show ETERE will be exhibiting its wide range of enterprise-class software solutions being used all around the world to build flexible, scalable, fully tapeless and workflow-based system able to give global control over all your operations, from production to playout, from archiving to content delivery. ETERE MERP showcased products will include:

■ MAM: a multimedia database system empowered with metadata indexing, editing tools, workflow actions and transfers.

■ NUNZIO: a single unified system that provides all NRCS features needed to manage a newsroom tapeless workflow.

■ AUTOMATION: a fault-tolerant playout automation for scheduled playlists supporting branding and real-time graphics.

■ AIR SALES: a robust solution to maximize commercial productivity, from initial proposals to final playlists and invoices.

■ BMS: a broadcast management for licensed programs that covers planning, rights, purchase and delivery orders.

HIGH TO THE CLOUD

A special focus will be given to Etere MERP Cloud, the private cloud-storage and cloud-computing infrastructure recently announced to give a virtualized storage pool with unlimited MAM functionality and capacity.

###

ABOUT BIT BROADCAST

BIT Broadcast is the International Audio-Visual Technology Trade Show that explores, along with traditional broadcasting, audiovisual technology convergence in fields such as streaming, digital signage, training, conferencing and all types of professional AV systems.

BIT Broadcast represents an excellent forum for forming new business contacts with the sector's leading players and keeping up to date with the latest technologies.
