ETERE is pleased to announce its presence at the "**Korea International Broadcast, Audio & Lighting Equipment Show**" taking place at the **COEX exhibition center** at Seoul, South Korea.

Etere will be showcasing its fully integrated range of **enterprise-level software modules** that includes Cloud Media Asset Management, Cloud Archiving, Automation, Tapeless Reception, Air Sales, Broadcast Management, Scheduling, and more.

Etere Cloud Media ERP allows the building of a flexible, scalable and customizable system capable of carrying out the entire media life cycle from production to ingest and playout, from archiving to content delivery, under a fully tapeless workflow.

Fabio Gattari, Etere's Asia Pacific Sales Manager, said regarding last year's show, "People really appreciated our Cloud-based solutions, they were fascinated by the possibility of moving their systems to a true, reliable, powerful and easy to use cloud system. ETERE promises to significantly extend the landscape and boundaries of any broadcast workflow, taking traditional IT to a higher level where all resources are virtualized under the same cloud environment".

Visit us during the show at **booth D227** of our Korean distributor **Namsung Traders Co** to view a demonstration on the unique features of Etere Cloud MERP.

ABOUT ETERE
