

Seasons Greetings from ETERE

ETERE wishes you a MERRY Christmas and a SUCCESSFUL new year ahead!

Greetings from Etere

Thank You

“Almost every successful person begins with two beliefs: the future can be better than the present and I have the power to make it so.”

Success is what Etere strives for whether it is to provide the best cost-effective solutions for our customers, expanding our market stronghold, to strengthen our relationships with you or to create a positive impact in the world.

Just like in previous years, Etere has chosen to donate the amount which is usually set aside for traditional Christmas gifts to [EMERGENCY](#), an independent humanitarian NGO that provides free, high quality medical and surgical treatment to the victims of war, landmines and poverty. Together, Etere stands in true solidarity to make a positive impact in the spirit of giving.

Etere would like to take this opportunity to wish our customers, distributors and partners a MERRY Christmas and a SUCCESSFUL New Year ahead! THANK YOU for your continuous support and valued partnerships, we look forward to achieving greater heights together with you.

About Etere

Etere, a leading software developer and system integrator, was founded in 1987 with the mission to design a portfolio of end-to-end workflow solutions for the broadcast and media industry. Etere's team of engineers represents a unique cross section of broadcast & IT experiences.

Etere is the Italian word for Luminiferous aether, which explains the wave-based light that has the unique ability to penetrate empty spaces, something which is not a common property of waves. Similarly, Etere Pte Ltd represents the commitment to deliver and achieve exceptional excellence backed by its mark of quality, consistency and reliability. Etere has achieved great success as a worldwide leader with expansive distribution networks in Europe, Middle East, Asia Pacific and South America. The company has its headquarters in Singapore and development centre in Italy.
