SVC company logo

Etere solutions are celebrating 20 years.

Etere showed the latest workflow-based comprehensive modular software solutions for broadcasters and media companies at CAPER 2010 on booth hosted by SVC.

Etere allows to build a fully integrated, flexible and cost efficient distributed architecture to manage and share media and metadata across all the offices involved in the broadcast - post production - archive - delivery chain, using a single framework with enhanced reliability. Etere demonstrated its latest applications for broadcasters, production and post-production companies, content providers and more.

Etere promo placement tool, ETERE MTX tool and the advanced Tapeless reception are just few of the new integrated products and functions we showed during the event.
