Etere ETX Expands Support for Matrox Cards

Etere ETX expands interoperability for Matrox DSX, DSXLE3 and XMIO2 cards.

Etere logo

ETX

Etere announced that its channel-in-a-box video management system with full IP in and out capabilities is now compatible with Matrox DSX, DSXLE3 and XMIO2 cards. Etere ETX eliminates technical barriers with a wide selection product compatibility that strives to provide a seamless user experience. For over 40 years, Matrox has been known for creating some of the world's best broadcast graphics systems, channel-in-a-box solutions, video servers and other PC-based video equipments. Matrox produces best-in-class tools for the most demanding environments.

About **Etere ETX**
Etere ETX is a complete channel-in-a-box with full IP in and out capabilities, enabling you to drive the most popular HD/SD digital video/audio/graphics platforms without using middle-ware or proprietary hardware. ETX is also a fully digital ingest/playout engine that gives you professional video technology with the reliability and efficiency of Etere to ensure support for all major essences and wrappers in the broadcast industry.

About Etere

Founded in 1987, Etere is amongst the worldwide leaders in Media Asset Management and channel in a box software solutions for broadcasters and media companies. Etere's unique MERP software-only solution is used by many of the world's leading broadcasters to power their digital assets. Its modular solutions including Airsales, Ad Insertion, playout, HSM archive, TV automation and Censorship are built with an innovative architecture, offering the best flexibility and reliability in the market. Etere is headquartered in Singapore, with a dedicated 24/7 support centre in Italy.

About Matrox Video

Matrox Video is a technology and market leader in the field of 4K, HD and SD digital video hardware and software for accelerated H.264 encoding, realtime editing, audio/video input/output, streaming, A/V signal conversion, capture/playout servers, channel-in-a-box systems and CGs. Matrox's Emmy award-winning technology powers a full range of multi-screen content creation and delivery platforms used by broadcasters, telcos, cable operators, post-production facilities, live event producers, videographers and A/V professionals worldwide. Founded in 1976, Matrox is a privately held company headquartered in Montreal, Canada. For more information, visit **www.matrox.com/video**
