Nunzio NRCS Newsroom Etere

Samvad Teleprompter logo

Etere Nunzio Newsroom expands interoperability with MOS Compliant Samvad Teleprompters. The integration provides Nunzio users with more options to exchange information between Newsroom Computer System (NRCS) and Teleprompter, including receive/view the Nunzio rundowns and stories in Samvad Teleprompters as well as to receive any changes in the order or text of stories within a rundown on the teleprompter display.

Media platforms for news production have increased and collaborative workflows play an important role in the creation of quality news content and delivery. Etere Nunzio Newsroom revolutionizes the digital newsroom experience for broadcasters and media centres with its powerful integrative workflow capabilities and platforms that leverage the benefits of new technologies. Etere Nunzio newsroom covers the entire workflow of a newsroom from start to end. Nunzio Newsroom is capable of managing E-paper and website uploads. It also supports full integration with Facebook, LinkedIn, Twitter and Youtube directly from Nunzio interface.

Etere Nunzio Newsroom is the newsroom management component of Etere Media Enterprise Resource Planning (MERP) which promotes coordinated multi-media planning and collaboration across different production units such as radio, Television or web departments, editorial driven workflow and metadata management. Nunzio Newsroom connects to Etere Media Asset Management (MAM) database and uses Etere Media Management engine for transfers and a centralized integration of multi-site systems.

About Etere

Founded in 1987, Etere is amongst the worldwide leaders in Media Asset Management and channel in a box software solutions for broadcasters and media companies. Etere's unique MERP software-only solution is used by many of the world's leading Media Enterprises to power their digital assets. Its modular solutions including Airsales, Ad Insertion, playout, HSM archive, TV automation and Censorship are built with an innovative architecture, offering the best flexibility and reliability in the market. Etere is headquartered in Singapore, with a dedicated 24/7 support centre in Italy.

About Samvad Teleprompters

SAMVAD features a range of prompting solutions from Comcon group of industries in India. Leveraging latest technology, SAMVADTM is a powerful prompting software that guarantees considerable savings for users, without compromising on reliability and flexibility. SAMVADTM offers a wide array of software options combined with traditional composite input based high brightness monitors or modern lightweight hardware with VGA monitors.

Samvad Teleprompters combine latest software technology with traditional teleprompting hardware to provide users with cost-effective yet reliable and low-maintenance solutions. They offer various solutions to match diversified needs of professionals in different industries. MOS-compliance, real-time editing, wireless control, anchor messages, user-friendly interface, customizable operations and online support are some of the key features of Samvad teleprompters.
