FOR-A Open House

Etere has renewed the success of its products among Japanese market, glad to have been supported by a system integrator leader as FOR-A.

Etere concludes a meaningful presence at the show with the attendance of the Asia Pacific Sales, Fabio Gattari.

Etere was showing at the event promoting its prestigious line of broadcast solutions with a focus on Etere Automation, the new low-res Browsing, the Document Management and the possibility to compile the schedule in all 'Double Byte' languages (important feature for Asian Market).

The event has attracted a large number of broadcasters with attendees coming from all Japan, being worthy mentioning that a lot of them were attracted by the solutions offered by the Italian company.

Etere is a consistent system!
